**Welcome Visiting Artists Allie Stack  
and Gillan Doty**

Introducing our current Visiting Artists, Allie Stack and Gillan Doty!

At The Bray we are so proud of the ceramic community that we are part of. We strive to support our creative community in many ways, large and small. This ranges from making a donation to CERF to support artists affected by disasters to making space where we can for affected individuals. We are so pleased to welcome Allie Stack and Gillan Doty, potters from North Carolina who were severely affected by Hurricane Helene. They are here, working in the visiting artist studio, for two months to make new work and recharge. If you're in town, swing by the studio and say hello and keep an eye out here to see the fabulous work they create while here at The Bray.

Allie and Gillan have been here since February and are still hard at work, letting their creativity flow!

## Bray Clay Business

At [Bray Clay](#), we provide everything a ceramic artist, hobbyist, or

classroom could need or want. We produce clays on-site in Helena, Montana for every firing temperature and color and we stock many more clays from Plainsman and Laguna. Everything you need to work with and finish your ceramic pieces—glazes, underglazes, tools, dry materials, and studio equipment—is all available in our Helena store, by phone, or [online](#).

## **We are thankful for you!**

Because of your generous support, we have been able to fuel our mission to promote, celebrate, and sustain the ceramic arts through the residency program, education, gallery, ceramic materials and technology, and community engagement on a local, national, and international scale. In the words of Archie himself, The Bray makes available, “for all who are seriously and sincerely interested in any of the branches of the ceramic arts, a fine place to work”.

Your love of the ceramic arts and our community makes this all possible. You are an important part of our work and our continued success. Please show your support by making a gift today.

Indigenous people have inhabited the valley in which Helena is situated for more than 12,000 years; the valley acting as a crossover for Salish, Crow, Bannock, and Blackfeet tribes among others.*

*We respectfully acknowledge and honor all Indigenous communities whose land we reside on in what is now known as Montana— past, present, future—and are grateful for their ongoing and vibrant presence. We believe that acknowledging and reflecting upon the contemporary lived experience and history of the Indigenous peoples here in Montana and around the world are essential steps toward creating a more equitable world.
